

# NICEST2 SG meeting

## Agenda (draft)

- Welcome and presence
- Approval of the agenda
- NeIC announcements
- Project status
- Benefit realization management: potential actions to align expectations & project results
- Annual revision project plan: alternative to face to face events (national providers, ESGF)
- [Decision point list](#)
- AOB

### Present

Anne, Alok, Hamish, Shuting, Risto, Rob

Round of Introduction to Rob.

### Agenda

- Welcome and presence
- Approval of the agenda
- NeIC announcements
- Project status
- Annual revision project plan: alternative to face to face events (national providers, ESGF)
- Benefit realization management: potential actions to align expectations & project results
- [Decision point list](#)
- AOB

Agenda was approved.

### NeIC announcements

1. NeIC 2022 conference

2. Current NeIC call for collaborations (Rob recused): interested partners should contact Balázs Kónya ([balazs.konya@hep.lu.se](mailto:balazs.konya@hep.lu.se)) if interested.

#### Project status

1. Proposed revisions of the project plan
  - a. D3.2 Face to face workshop for Nordic ESGF operations team
    - i. Suggest replacement by online hackathon/workshop between ESGF ops team and end-users
    - ii. Time would be the end of this year
  - b. D4.4 Face to face meeting with the national HPC providers
    - i. Suggest organizing an online meeting to present proposal
      1. Identified some bottlenecks and issues and have a proposal for improving support and expectations
      2. How to get access to HPC

Decision: Revisions are approved

AP: Prepare and circulate a short description for a possible pre-study

Major points on status:

Collaboration on the installation of the Finnish ESGF node

Understanding the FAIR principles and the role of ESGF for the development of the roadmap for Nordic FAIR climate tools

Containerization of ESMs for use from laptop to LUMI with the aim to have FAIR climate tools

Identification of the potential bottlenecks that can impact the efficient use of Nordic ESMs on EuroHPC

#### Benefit realization

More regular communication

Connections to EC Earth?

Community meeting or present results in existing meetings?

Interactions between users and developers

AP: info board as a test

Expert group on ESM diagnostics

FAIR for climate software and data

#### Decision Point checklist

Updated DP5

#### AOB

Next meeting Sept 2022
