Verifiable credentials solves all problems

Tuesday, 4 June 2024 15:45 (30 minutes)

and creates many new ones. The federation team at SUNET manages the Swedish identity federation for higher education (SWAMID). We are also involved with the eduGAIN inter federation and in some new EU projects looking into Verifiable credentials as basis for a digital wallet. Another area of development is OpenID Federation, an extension to OIDC to allow federation. This will allow us to hook VC's into an existing trust framework. I will give overview of what we have managed to build, what's next and what new capabilities this gives.

Length

30 minutes

Optional: Speaker / convener biography

Primary author: FRYKHOLM, Mikael (Sunet)

Presenter: FRYKHOLM, Mikael (Sunet)
