BSides Ume 2024  
Umeå, Sweden

# Enjoy workshops after lunch!

- HackBack groups assigned to session 1 or 2
  - BIO.D.226
- Backdoors & Breeches after the coffee break
  - BIO.D.224
- Python modules in Rust
  - BIO.D.244

# BSides Ume 2025?

- I had fun, lets do this again!
- Changes will be based on survey feedback
  - Themes, length, food, types of talks, etc
  - I might
- Dates?
  - Based on my personal availability:
  - 4-5<sup>th</sup> of June?
    - Kinda close to Security Fest's usual dates in Gothenburg
  - Later in June?
    - Students leave after end of term

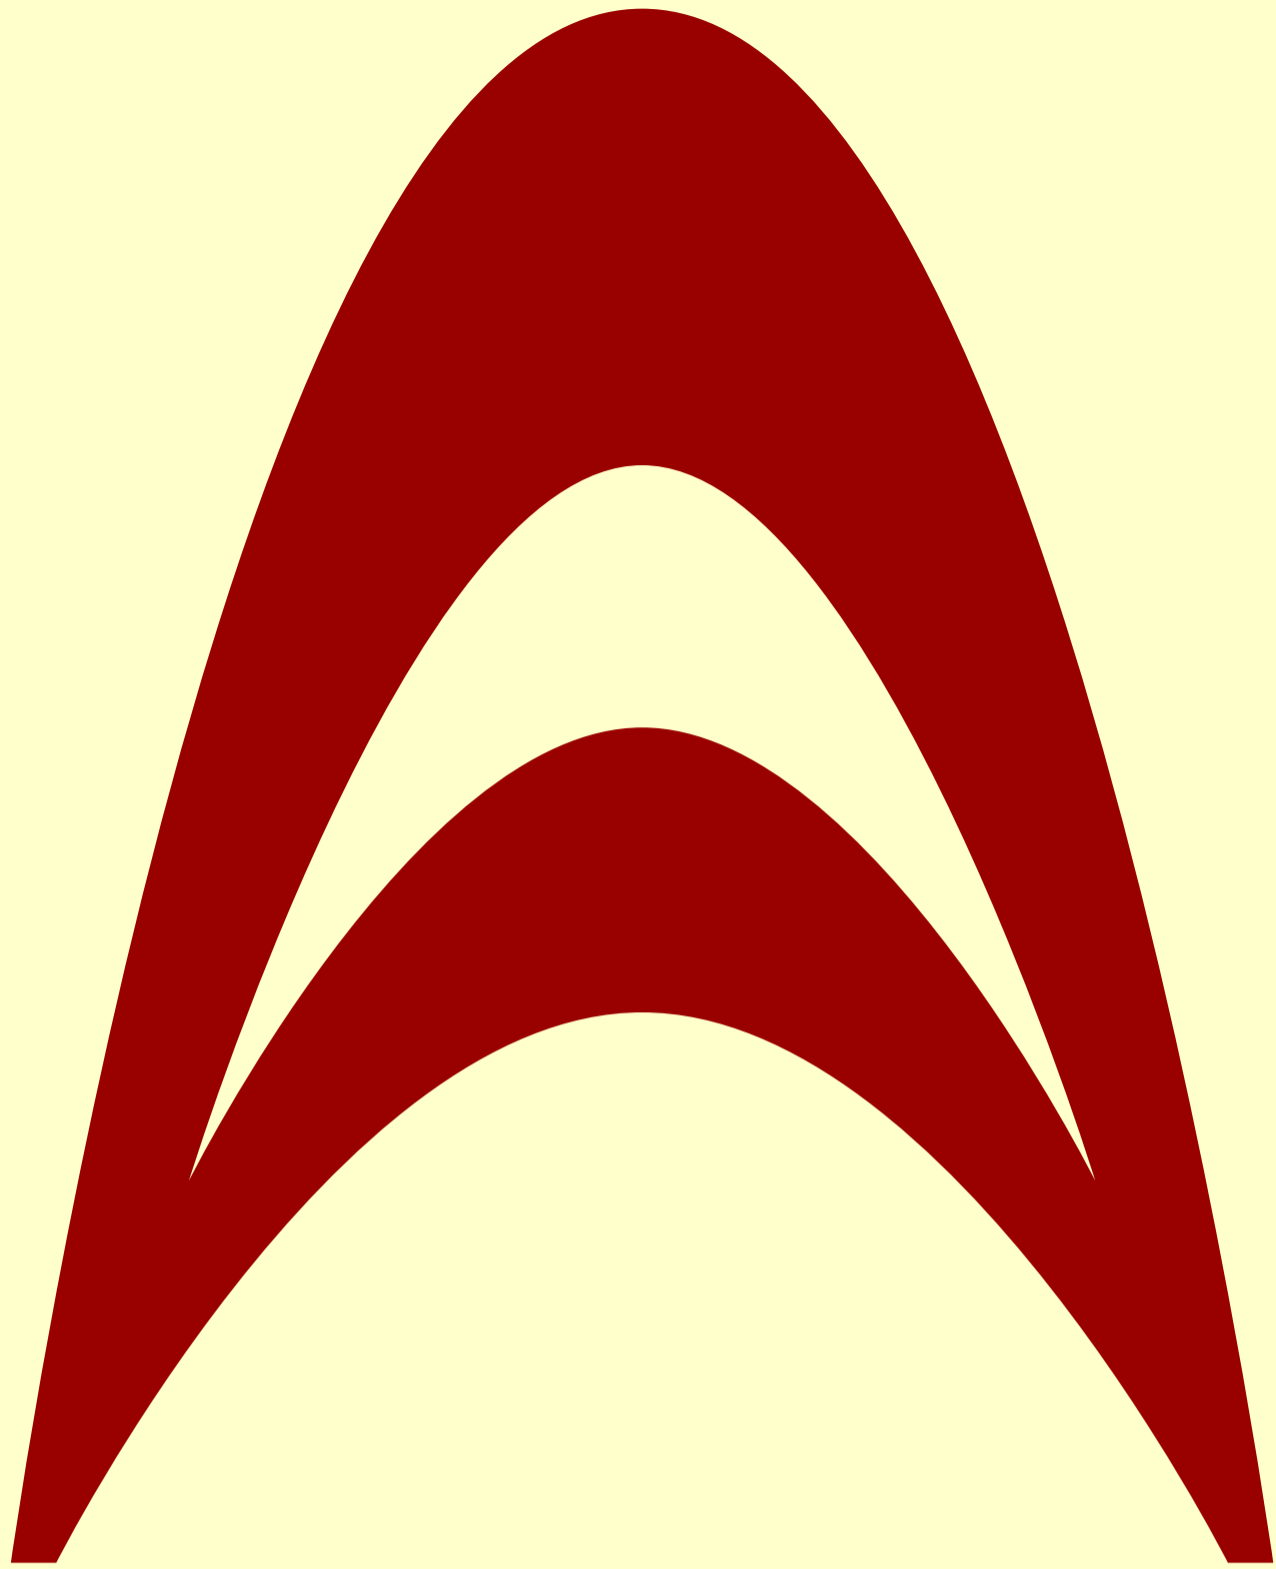

# Help needed, in priority order

- CFP team to find speakers and judge abstracts
- PR for better reach so that everyone who could be interested in BSides Ume 2025 hears of it in time
  - Proper website
  - Social media manager for non-mastodon social medias
- Sponsor contacts etc
  - I was too busy with work travel so that I missed one opportunity by not responding to emails in time
- I'm happy to run the practical stuff
  - With some ACC etc ppl for help during the setup
- Volunteers: Speak with me, email, slack, etc
