Tape library

- ~~We hoped for a new IBM TS4500 library~~
 - ~~Spectra Logic also started competing.~~
- ~~We might have an LTO-8 upgrade of the old TS3500, due to lack of funding (DeIC not getting it).~~
- We got an LTO-7 update with 8 drives
 - 200 LTO-7 tapes to start with.
 - It's expensive to be poor.
