FAIR

Thursday, 23 May 2019 09:00 (2 hours)

The provision of research data in accordance with the FAIR principles could be seen as a cornerstone of Open Science and will be a major deliverable of the European Open Science Cloud (EOSC). In this session we will explore various aspects of the implementation of FAIR in the Nordic countries, covering perspectives from the researcher to the policy-maker. Topics can include the roles of the national policies compared to university and funder policies, cooperation between universities and service providers, roles of national and international networks and cooperation, outreach to user communities, scalability and long-term sustainability for FAIR data and other implementation aspects of FAIR.

Presenter: SPARRE CONRAD, Anders (Copenhagen University)

Session Classification: Open Science
